To whom it may concern:

We listen to the weather,& traffic , on our satellite radio almost everyday. We can also listen to the music of our choice,since we pay for this programming,we believe it should not be up to the National Association of Broadcasters, to dictate what I am permitted to hear.

XM's variety And quality of programming are not available everywhere.and again because we pay for it, we believe it's not the NAB's business.

I resectpectfully urge the FCC, to reject the NAB's petition 04-160 and to support XM's, ability to provide the kind of programming, that I demand and deserve.

Respectfully yours

Bob Flener
